Coming in Spring in time for Fall 2014 Classes!

**Managerial Accounting: A Business Perspective 9e**

Roger H. Hermanson  
Georgia State University (Emeritus)  
James Don Edwards  
University of Georgia (Emeritus)  
Jefferson Williams  
University of Michigan

**Highlights of 10e:**

- Former Irwin/McGraw Hill title revised for 2014 use  
- Updated by Jeff Williams, who used 9e at U of Michigan  
- Williams builds on the book’s popular business orientation  
- Tightly integrated pedagogy and supplements  
- Student prices start at $20  
- Students select one of 3 textbook options:  
  - e-Book $19.95  
  - e-Book + PDF bundle $27.95  
  - e-Book + paperback bundle $45.95

**Background:** The Hermanson series went through many editions with Business Publications, Inc. an imprint of Richard D. Irwin Publishers and was among the companies best sellers, reaching sales of 60,000 units at its peak. After Irwin’s titles were sold to McGraw, the new owner dropped the project to avoid cannibalizing their native product. The authors brought the book to Textbook Media and then we published 8e back in 2007. (See list of adopting schools on page 3.) With 9e we’re excited to bring Jeff Williams on to the project as a new co-author. And we’re proud to offer the market a worthy alternative to traditional (and over-priced) accounting textbooks from the oligopoly.

**Brief Description:** Thoroughly updated in 2013, 9e will build on the strengths of previous editions written by these well-known authors and continues to provide a thorough understanding of how to use accounting information to analyze business performance and make business decisions. Uses real companies to illustrate many of the accounting concepts, and covers a variety of issues associated with these actual businesses to provide a real-world perspective. Combines solid coverage of financial accounting for business students, regardless of the selected major, and provides non-accounting majors a solid foundation for making effective use of accounting information.

**For the Instructor:**
- Instructor’s Resource Guide  
- Large Bank of Test Items  
- Computerized Test Bank  
- Numerous PowerPoint Slides  
- Solutions Manual  
- Choice of review copy format

**For Students:**
- Price options and media options  
- Study Guide  
- Lecture Guide  
- Practice Tests (self-scoring)  
- e-Flash Cards  
- Working papers

*New for Fall 2013! Our Accounting Books are now accompanied by web-based practice and problems sets. Self-scoring and auto-graded! For just $19.95! See Page 4 for more information.*
About the Authors:

Roger H. Hermanson is Regents Professor Emeritus of Accounting and Ernst & Young–J. W. Holloway Memorial Professor Emeritus at Georgia State University. Roger’s Ph.D. is from Michigan State University. Professor Hermanson has authored or coauthored approximately 100 articles for professional and scholarly journals and has coauthored numerous editions of several textbooks, including Accounting Principles, Financial Accounting, Survey of Financial and Managerial Accounting, Auditing Theory and Practice, and Principles of Financial and Managerial Accounting. He has served on the editorial boards of four journals in the field of accounting. Professor Hermanson has received numerous awards, including Accounting Educator of the Year by the Georgia Society of CPAs in 1990.

James Don Edwards is the J. M. Tull Professor Emeritus of Accounting in the Terry College of Business at the University of Georgia; M.B.A. University of Denver, Ph.D. University of Texas. Professor Edwards is a past president of the American Accounting Association. He has served as a professor and chairman of the Department of Accounting and Financial Administration at Michigan State University, a professor and dean of the Graduate School of Business Administration at the University of Minnesota, and a Visiting Scholar at Oxford University. The Academy of Accounting Historians awarded him the 1994 Hourglass Award, the highest international honor in the field of Accounting History. He was inducted into the Ohio State University Accounting Hall of Fame in 2001. He has coauthored numerous editions of several textbooks including Accounting Principles, Financial Accounting, and Managerial Accounting.

Jefferson Williams has taught accounting courses at the Ross School of Business, University of Michigan, since 1994. He teaches financial accounting at the undergraduate and at the graduate levels. Mr. Williams also teaches federal taxation at the graduate level. Prior to his teaching career, Mr. Williams worked as a CPA in the states of Tennessee and South Carolina. His practice focused on audit and assurance services and valuation services. At present, he is licensed as CPA in Tennessee.

| Mount St. Mary's College      | The Citadel                 | Syracuse University              |

3 FAQ’s

I’ve never heard of Textbook Media...who are you guys?

We’re a Midwest –based publisher who’s been in business since 2004. The publishers who founded the business have been in college publishing since 1980 and have published textbooks for Irwin, McGraw Hill, Houghton Mifflin and Cengage Publishing. Our Textbook Media titles are in use in over 200 colleges (2 and 4 YR) and universities. We originally published the eight edition of Managerial Accounting under our Freeload Press brand, which was replaced by Textbook Media Press in 2009.

What media options do students typically choose?

In 2012, about 45% selected the paperback/online option. Another 45% selected the PDF/online option and 10% went with online only. We provide the online version with all our textbook options for two reasons: students always have the option of getting online to study, and to provide access for all in case they want to opt for interactive quizzing/e-flash card upgrade.

Do I have to do anything differently to assign your textbook?

Yes. One thing: direct students to our URL (preferably in your syllabus). We’ll take it from there. Actually, the web site takes it from there: over 97% of students order without needing customer service. Those that do need help get it within 24 hours, and most of those inquiries are about corrections they want to make to their order. BTW, we deliver the paperbacks via Fed-Ex, so student orders are easily tracked. And we will work with bookstores if need be. Regarding the online book: It is served up using Silverlight, a Microsoft product that’s a commonly-used rich media application used by companies like Netflix. Most of your students may already have it. If not, it’s a free and fast download from Microsoft. The software behind the book is supported by Microsoft; the online book experience is supported by our customer service staff. Pretty straightforward and easy for all concerned.

Web-Based Accounting Products

www.pklsoftware.com

All PKL Software Accounting Practice Sets:

- Web-based software for $19.95
- Auto-Grade Examinations
- Outrageously Inexpensive

Students master journal entries, automatic posting, trial balances, check figures, a bank reconciliation, adjusting entries, full financial statements, subsidiary ledgers, and closing entries.

“PKL Software is great! I have used in my Principles of Financial Accounting, Managerial and Intermediate Accounting courses. The support provided is excellent. My students learn better with ‘hands-on’, and this is the perfect product to add to most any accounting course.”

-Professor Carol G. Shaver, Louisiana Tech University

Wow - what great service! That’s one reason it is great to do business with you and your company!

-Roger Sands, CPA, Milwaukee Area Technical College

I used the Granite Bay Level 2 package over the summer in my Intermediate 1 class with great success...

...You guys have a real quality product!

-Professor Dave Law, Youngstown State University
Software with Benefits!

For Instructors:

- **Auto-Graded Web-Based Homework Saves Time:** Student answered questions are computer graded following the students completion of the assignment. Grades can then be downloaded by the Professor to an Excel file. This saves you time in grading while giving the students instant feedback on their progress.

- **Easy-to-Assign and Implement:** The software is purchased online securely and easily using PayPal™. All of the Student Manuals, Professor Manuals and Answer Books are downloaded from the PKL Software web site. Manuals and other downloadable documents are formatted in PDF files for easy use and printing. Prompt Professor Support is available if needed to help get your class up and running and make the process simple.

- **Proven Products with Personalized Professor Support:** The software was written by accounting instructors and previously published by McGraw-Hill. So the software has been developed carefully and peer-reviewed, and has been in the market since 1982. PKL Software is currently used by over 450 instructors at some 150 colleges and universities throughout the United States.

“I don’t usually respond to requests such as this, but the folks at(pklssoftware.com really deserve kudos! I’ve always gotten fast, accurate, personal service. We use the Granite Bay Level II and Gold Run practice sets. The software runs smoothly. Keep up the good work!”

-Richard A. Johnson, PhD, CPA, Frostburg State University
For Students:

- **Easy-to-Use:** The software is used completely online. Students can access the software from a campus computer, from a home computer, or any computer with internet access.

- **Priced for Student Budgets:** Just $19.95 per Practice Set (or Problem Set)! So you can harness the power of Practice Set Software without breaking your student’s budget.

- **Cheating/Copying Eliminated:** The software assures that each student account contains a different set of numbers at the start of each program and a different set of entries and figures throughout the program.

“I find it useful and practical using the practice set, especially because I am planning to major in Accounting and I am liking it.” -College Student – George Mason University

Clerical functions are handled by the software! Learning and analysis functions are handled by the student.

Written by accounting instructors, the software provides comprehensive practice with all critical accounting practices.
